Hello Aaron

The purchase of permanent equipment is not an eligible expense.

I understand Mari Riddle will be contacting you today or tomorrow.

Thanks for your patience, JS

Hi Joe,

Couple arts activation grant questions:

-We haven't heard from Community Partners yet on the contract.

Is there someone there I can reach out to directly?

The first event of our Experience NoHo Plaza series is set for the week of 6/13.

-Can items be purchased and kept by the BID through this grant funding (within our budget items)?

For example, a generator.

Thanks,
Aaron

Dear Arts Activation Fund presenters (six of you blind copied here),
Congratulations on your successful presentations today!

DCA's General Manager Danielle Brazell will review your items and consider final approval early next week. I will notify you by email if your status is reversed by Danielle. Most likely, she will observe the recommendations of the staff and Commission.

In about 4-6 business days, you will be contacted by Mari Riddle, or one of her associates, at Community Partners. At that point you will be asked to sign a contract, within which payment and reporting benchmarks will be outlined.

Please circle back to me if you need further advice with permitting. Otherwise, know that your Arts Activation Fund projects are moving across the finish line and should become contracts with Community Partners in the next 6-10 days.

Please remember to invite me, Danielle, and our Commissioners to your culminating presentations (or a choice activity). Pending time and availability, one or more of us would like to experience your ultimate success!

Best regards,

--
